

NAT - Art Residence

NAT Art Residence is an art program directed by Andrea Juan and Gabriel Penedo Diego that takes place in Cantabria, Spain.

Details

Every year there will be calls for artists, from all disciplines, who will participate in the NAT Art Residence. The available places are limited and the total development of the Residence is 13 days.

Space

The residence is based in Tagle, Cantabria, Spain in a house renovated for this purpose. The house has three double-bed bedrooms, a bathroom, a toilet, a kitchen-dining room, a living room, a covered outdoor study, an exhibition room and its own green space.

Our house is located in a wonderful natural environment 700 meters from imposing cliffs and about 1000 meters from Tagle beach. It is located 2 km from Suances and 7 km from the Altamira National Museum in Santillana del Mar.

Sea, beach, cliffs, forests, caves, rivers ... Spaces that will be the perfect inspiration and support framework for your projects.

We have restored the stone house, an old farmhouse of more than 100 years. We have provided it with all the amenities to make it comfortable and to be able to be at ease, enjoy the environment and dedicate yourself exclusively to creating.
